

Richmond Record-Gerald

VOLUME XXV—THIRTEENTH YEAR.

RICHMOND, CONTRA COSTA COUNTY, CAL.—SATURDAY, JULY 25, 1914

NUMBER 161.

REGISTRATION GAIN SHOWN IN THIS COUNTY IN PAST 2 YEARS

**REPUBLICAN VOTE DOUBLE
THAT OF THE DEMOCRATS;
LESS THAN 1,000 PROGRES-
SIVES; STRONGHOLD OF
PROHIBITIONISTS IS IN
RICHMOND.**

Total registration for the county of Contra Costa will show a gain of almost 2000 when closed at midnight tonight, believes County Clerk Wells. He bases his estimate on records of registration already in his office which shows that the total at noon today was 13,657.

He thinks that when all the reports are received from the various registration clerks in the county that the total will be more than 14,000. The total registration in 1912 was 11,980.

This is the last day for registration, but reports received up to noon do not indicate that there will be any great tax upon the registration clerks today. At the office of City Treasurer Vaughn only one man registered this morning. In the office of the county clerk one couple—a man and his wife—registered before noon. Others receiving registrations state that the proportion of the voters who waited until the last day is small.

Registration records show that the Republican vote, as usual, is greatly in excess of that of any other party. The Republican vote is double that of the Democrats and five times that of the Progressives, which is just about double that of the Socialists. Over 500 voters in the county refused to register as partisans of any party. The prohibition vote is about one-thirteenth that of the total vote. Almost one-half of these are Richmond residents.

Figures from the county clerk's office give the following division of voters in the county according to their party affiliations:

Republican	7,150
Democratic	3,093
Progressive	1,801
Socialists	938
Prohibition	138
Non-partisan	537

Total 13,657

First Supervisorial District voters are divided as follows:

Republican	3,212
Democratic	1,559
Progressive	1,072
Socialist	729
Prohibition	63
Non-partisan	322

Total 6,957

There are 1,741 voters outside of Richmond in the First Supervisorial District.

Division of Richmond voters is given as below:

Republican	2,263
Democratic	1,237
Progressive	825
Socialist	566
Prohibition	54
Non-partisan	270

Total 5,216

Chief LeMoine found a Southern Pacific commutation ticket near the Richmond theatre last night. It is the property of Miss Ruth La Garca and is made out for passage from Glant to Richmond. Owner can have same by applying to the fire chief at station No. 2.

SCHOOL STARTS SOON BUT MANY HOLIDAYS WILL HELP SOME

Gee, kids! There's only one more week of the summer vacation. School'll start a week from Monday. But there's one consolation. The fall term will be broken up with a whole flock of vacations—Labor Day, Thanksgiving and Christmas. Then in the spring term there will be the usual vacations for Easter and Memorial Day.

POLICE SECURE WITNESSES FOR HERAGHTY CASE

**TO HAVE HEARING IN THE
SUPERIOR COURT ON
MONDAY**

Sergeant McGowan of the local police force has been kept on the jump all of today in securing witnesses for the hearing of Mr. and Mrs. Heraghty, charged with insanity, who are to have their hearing in the superior court at Martinez on Monday morning.

The following people have been secured to testify in regard to the actions of the couple on the night of July 17th: Mr. and Mrs. O'Hara, Policeman Kirkpatrick, Mrs. White, matron at the city jail, Rev. D. W. Calfee and Dr. U. S. Abbott.

BIG TOURNAMENT PLANS OF GUN CLUB COMPLETED

**OFFICIALS WHO WILL HAVE
CHARGE OF EVENTS NAM-
ED BY GUN CLUB**

MARTINEZ, July 25.—The arrangement of final details for the registered trap shooting tournament which is to be held here on the 26th, 27th, 28th and 29th of this month are practically all made and the appointments of the various officials to have charge of the events are named.

At a meeting of the Alhambra Gun club, under whose auspices the tournament will be given, the following appointments were made:

Referees—James Brady and Steven Mersich.
Scorers—Chester Glass, Francis McMahon and Joseph Anderson.
Pullers—Louis and "Hap" Denio.
Howard Veale and Albin McMahon will have charge of the ammunition house and the issuance of shells.
J. E. Colton, W. M. Veale and A. J. McMahon, as the finance committee, report that the collections are good and that the subscription list will be amply sufficient by the end of the week to guarantee the necessary funds for three days' big events.

MULE BUTTS INTO BOLT; IS NOW DEAD

While Reverend D. W. Calfee was in Walnut Creek yesterday he investigated the killing of a mule for the local humane society. The animal was reported to have been killed by workmen on the streets in the Burgess addition. An investigation showed that the mule was an unbroken one which had plunged into a bolt that penetrated its skull.

\$800 STOLEN STREET WORK FROM POWDER WORKER

**USED MEAT, INSTEAD OF A
BANK SAFE, IN WHICH TO
KEEP HIS CASH**

Had Joe Hattich, an old and trusted employe of the Giant powder works put his money in a bank's safe instead of a metal safe he would be about \$800 richer today. Hattich had saved up the amount stated and secreted it in his house. When painters were busy on the building, Hattich thought it advisable to change the money to a new depository while the painting process was going on. He thrust the wad of bills into a meat safe, turned the wooden button and departed for his labors.

Later on he went to his screen bank to make a draw and discovered that somebody had been there before and had overdrawn the account.

Hattich placed the matter in the hands of Sheriff Veale, who is now making a thorough investigation of the theft.

**THREAT OF CITY COUNCIL
WAS EFFECTIVE IN GET-
TING WORK STARTED**

Threats of the Richmond city council to advertise for bids on the completion of the reconstruction of Macdonald avenue, as a result of the way it was left by the terminal railway company after it finished its double-tracking work, has caused the company to renew street repairing operations. A large gang of men began the work yesterday of filling in the roadway from Sixth to Fifth streets which was completed this morning.

Just as soon as a vitrified brick suitable for the purpose can be secured for placing next to the rails, the work will be continued, the street railway officials claim. It is believed that the action of the city council in giving formal notice that they would let the reconstruction work out on bids, to be charged to the

(Continued on Page Five)

"Surprise Weddings" Are Season's Rage; Another Reported

Weddings without the formality of informing all of the contracting parties' friends are all the rage for the last few weeks in Richmond as is proven by the number of "surprise ceremonies" reported. The marriage of another Richmond couple who did not take their friends into their confidence became known today when Norman Anderson, with

Miss Gertrude Collier, returned from San Jose and announced: "Oh, we have been married for two weeks."

The bridegroom is a well known contractor and his bride is an eastern girl who came here from Bakersfield about one year ago.

The newly married couple will make their home at the Carlton, the former home of the bride.

ACCUSED MARTINEZ COUPLE NOW IN SHERIFF'S CUSTODY

**"HIRED MAN" IS CHARGED
WITH ELOPING WITH EM-
PLOYER'S WIFE**

MARTINEZ, July 25.—A member of Sheriff Veale's force returned this morning from Eureka with Mrs. Maria Souza and Matthew Dapiror, who are charged with a statutory offense. The couple were apprehended in Eureka. The warrant for the two was sworn to by the husband of Mrs. Souza, Dapiror was formerly the employee of Souza, a farmer living near here. It is alleged that he induced Mrs. Souza to desert her husband and elope with him.

POSTPONE CITY WRIT CASES

Definite announcement was made today that the writ cases against the city council had been postponed from Monday, July 27th, for one week by the appellate court, due to illness in the family of Stanley Moore. That a postponement action was likely was stated in the Friday issue of this paper.

RICHMOND COUPLE GET LICENSE TO WED

A marriage license was issued to Michael McDonald and Miss Elizabeth T. McGann in Martinez by County Clerk Wells this morning. The couple gave their residence as Richmond, but supplied the clerk with no information as to when they will be married.

BELSHAW WILL SPEAK AT STREET MEETING TONIGHT

**CONTRA COSTA CANDIDATE
HAS REPUTATION AS BRIL-
LIANT TALKER**

Charles M. Belshaw, one of the leading Republican candidates for election as governor, will speak in Richmond tonight at an open air meeting which is to be held at the corner of Macdonald avenue and Seventh street. Preceding the address of the prominent visitor, there will be a concert by the Richmond band.

Belshaw is a resident of Contra Costa, his home being in Antioch, where he has been prominently identified in political matters for a number of years. He has served four terms in the state legislature, two as a senator, and two as an assemblyman. The Contra Costa gubernatorial candidate has a reputation as being a brilliant speaker and it is expected that a large crowd will hear his address tonight. The meeting is to start at 7:30 o'clock.

LOCAL ATTORNEY IS RETAINED FOR BIG LAND SUIT

Willbur S. Pierce, a local attorney, has been retained by H. St. J. Hyde, of Bridgeport, Carolina, to examine into the title of a large tract of land held by a lumbering concern in Mendocino county. The land is valued at \$700,000.

The North Carolinian claims that it was deeded to him by ancestry which secured it through the early Spanish grants. He intimates that the present holders secured possession of the valuable tract by a gigantic land fraud. Hyde claims to be a direct heir to the Hyde Park estate in London.

The Richmond water district commissioners will hold a meeting on Monday evening at which the official returns of the water election will be canvassed.

BOY DREAMS OF PARENT WAKES IN HANDS OF A POLICEMAN

**JAMES GOLDEN FORSAKES A
WIDOWED MOTHER TO
COME WEST. HE FALLS
ASLEEP ON MACDONALD
AVENUE.**

James Golden, 16 years of age, was found lying fast asleep in a doorway on Macdonald avenue at an early hour this morning by Officer Jennings and taken to the police station.

When questioned by the officers Golden told of his having left his widowed mother in St. Paul, Minnesota, in company with several other boys who expected to secure work on some of the great fruit ranches of the Sacramento valley where they intended to remain until 1915 for the fair.

"We got as far as Truckee on the rods," stated Golden, "when the 'brakie' bounced us. Then our trouble started. We were discovered again as we neared San Pablo station and bounced again from which place I walked into this city and being all in, I went to sleep in the doorway."

The police were at first of the opinion that the boy might probably have been an escape from Ione or Whittier, but his frank smile and earnest talk soon discredited this belief. Chief of Police Walker intends to in some way make plans for the returning of the boy to his mother, who, since his disappearance, has been heartbroken.

Golden stated that the brightly colored banners which are being distributed throughout the eastern states in regard to the coming fair are causing many boys to forsake their parents and start west.

E. M. WEED TO OPEN JEWELRY STORE SOON

A modern and up-to-date watch and jewelry store is to be opened in the LeMoine Drug store at the corner of Sixth street and Macdonald avenue on August 15th by E. M. Weed who was formerly connected with the jewelry firm of O. A. Poulsen.

Weed, during his residence in this city has made a large number of friends who will be greatly pleased to learn of his having branched out into business for himself.

L. Thompson, general foreman of the carpenter department of the Standard Oil company, and family, left this week for a vacation which they will spend at Emigrant Gap.

INDEPENDENT DEMOCRATIC

Official Paper of the City of Richmond

Editorial Department

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

It's a wonder how the pesky fly
Despite the swatter's aim,
With neither voice nor tail to help,
Gets there just the same.

The man who drinks like a fish does not
drink the same thing.

Mr. Hearst is still lugging around his cross of
gold and crown of thorns.

So many bargain offerings
Are found by those who seek,
That common dubs can dress like kings
On seven bones a week.

Some people have a mission, and others have
a bug.

These openwork stockings the ladies wear are
heartily endorsed by the fleas.

Huerta has stepped down and out, at last.
The miserable, drunken, murderous wretch did
not get what was coming to him—yet.

Colonel Roosevelt has discovered not only a
river down south but also a great unrest in this
country. Most of the latter is at Oyster Bay.

Having cut all the powder and zing out of
Fourth of July, why don't somebody invent a
safe and sane motorcycle?

People continue to drop dead from heat in
both New York and St. Louis. Hell ought to
reign in favor of those two places.

A London suffragette kicked a policeman in
the stomach. Our sweet California suffragettes
treat our stomachs to fried chicken and straw-
berry shortcake.

Mount Lassen reminds us that we have all
probably missed an awful lot of fine volcanic
eruption stunts by arriving on this earth sev-
eral million years too late.

A golden crown must be a deucedly unhandy
and uncomfortable thing to wear. If we have
got to wear one after we die, then we don't
want to die.

Why did Villa spend \$400 for a gold-lined
bath tub, when a basin of water, small piece of
soap and the tail of a shirt would have answered
all practical purposes?

Those congressmen who are finding fault with
the long session undoubtedly had an easier time
when the Republicans were in power, and left
the government's main business in the hands of
a few political bosses who didn't want any help.

A lot of little standpat editorial handorgans
continue to say smart things about President
Wilson. And every once in a while a sparrow
flies out in the New York harbor and takes a fall
out of the statue of Liberty Enlightening the
World.

Anna Held has retired from the stage with a
million dollars. Miss Held displayed both brains
and nimble legs for ten or a dozen years to good
effect, as did her troupe of blondes. None of
them exhibited the qualities of actresses, but
they exhibited much else.

We wish somebody would be philanthropist
enough to bet us a new hat that Sheriff Veale
will not be re-elected. We need the hat and that
would be a lead-pipe-cinch—just like taking can-
dy away from a baby. It would be a shame to
take the money.

Whatever slowness of business there may be
in some parts of the country can be traced to
that queer physiological state brought about by
the old-time Republicans who believe the pun-
combe of their party leaders that a Democratic
administration always brings hard times. With
business as fundamentally sound as it is and
with unusually large crops in sight, the man who
fools himself into believing that times are hard
is the chief factor in bringing about the condi-
tions he fears.—Commoner.

Some of these small candidates
Substitute bluff for price,
And later on they wonder
Why they cut so little ice.

Just have a little patience, friends, until those
wonderous California crops are realized upon,
and there will be plenty of money in circulation
for everybody who has either work or merchan-
dise to barter for it. And then on top of that
will come the great Panama Pacific Exposition,
with from 12,000,000 to 15,000,000 visitors, and
everything will be on the jump for a number of
years at least.

It is a positively known fact that three and
maybe four big new factories will build and be
in full blast in Richmond before the close of
this summer season, plans being drawn and sites
selected already for two of them. They will
employ from 400 to 700 men. But, of course,
business is all busted and gone to the dogs under
this horrible Democratic administration.

Kansas is disturbing the serenity of the croak-
ers by producing a \$100,000,000 wheat crop;
Texas adds to the discomfort of the pessimist by
coming to the front with a \$300,000,000 crop of
cotton, and California has knocked out the
grouches with a billion or two worth of fruit,
grain and other products of the soil. It is go-
ing to be a hard fall for the calamity howler
and the torpid liver.

The suffragettes of England act like they
were possessed of the devil, and maybe some of
them are. It is a sort of hysteria that has got
started among them and they are letting their
emotions get away with their good sense; but
just the same, back of it all are centuries of mis-
treatment, now welling up in the big hearts of
wronged womanhood. When it comes to his
treatment of his women the average Johnny Bull
is a regular rough-neck, and he deserves all he is
getting, and then some. We have no sympathy
for him whatever.

If you pledge your word on anything, no mat-
ter whether you are doing the best for your-
self or not, if you are a man you will keep your
word, and if you don't keep your word you are
not half a man and people will soon find it out.
That should also apply, and does apply, to the
delegates you help elect to represent you at a
convention, or an official you help elect to
office. He is your chosen and duly accredited
representative, and when he pledges his word he
also pledges yours at the same time, and you
should be and are morally bound by that pledge.
There is a good deal in this. Think it over.

When it comes to a time that manufacturers
shy at the best manufacturing town on the coast
because of a lack of an adequate supply of wa-
ter for manufacturing purposes, it is time for
the inhabitants to sit up and take notice. Four
large concerns who have their eye on Richmond
have made that complaint to this writer in San
Francisco within the past month, and we as-
sured them that the difficulty was but tempo-
rary and was soon to be obviated entirely. We
trust our people will not make us out a liar in
this, as we like to be truthful, when possible.

One editor back in the middle west refused to
pay all bills presented by town merchants on
billheads not printed at his establishment, his
being the only printing office in town and he
believed in patronizing home industry. Finally
the store keepers got together and put up a
scheme, as while he would not pay the bills he
continued to run them, as to stop that would
have been in restraint of trade, which he con-
sidered to be unlawful under the Sherman act.
They put in orders for billheads to amount to
exactly the same as their accounts against him
for goods and merchandise, and then presented
the bills thereon in accordance. But that editor
was a wise one. He informed them that owing to
the recent trust inflation of all material the
cost of paper had materially raised, and he
therefore made out his bill for printing the bill-
heads fifty per cent higher than usual. "Thrice
armed is he whose cause is just."

A HEAVY BURDEN

A Bad Back Makes Life Miserable
for Many Richmond People
A bad back is a heavy burden.
A burden at night when bedtime
comes.

Just as bothersome in the morn-
ing.
Ever try Doan's Kidney Pills for
it?

Know they are for kidney back-
ache—and for other kidney ills?
If you don't, some Richmond peo-
ple do.

Read a case of it:
"Dropsy, which was shown by
swelling in my limbs, shortness of
breath and fluttering of my heart
was my most serious ailment," says
Mrs. Philomena M. Brier, of 511
Ninth street, Richmond. "I suf-
fered from severe attacks of back-
ache. My head ached often and I
had dizzy spells and a tired, worn
out feeling. Since I heard about
Doan's Kidney Pills, I have used
them whenever these attacks have
come on and in a short time they
have fixed me up all right."

Price 50c, at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that Mrs. Brier had. Foster-Mil-
burn Co., Props., Buffalo, N. Y. ad.

TONIGHT SEES CLOSE OF BABY CONTEST

7 O'CLOCK LAST HOUR TO FILE VOTES

TWO PROSPECTIVE WINNERS

PEARL TWOGOOD

The Record-Herald's Shower of Gold contest will close at seven o'clock tonight. At that hour the doors will be closed and no one admitted; however those who are already on the inside will be permitted to cast their votes. As soon as the last coupons are voted the counting of votes will commence and will continue until every coupon has been counted and the winners are announced.

There is no further suggestion unless it be to keep busy until the last minute and get that other subscription which you have been promised and so far have been unable to

LLOYD MASON

get the money for or perhaps you have overlooked some friend who might help your little candidate to victory.

It is to be regretted that every little contestant in the contest can not receive a prize, the inactive ones as well as he busy bees, but they can't. Such is life—we can not all secure the good things and the best prizes. Anything worth having is worth working for and those that work the hardest reap the greatest reward, so here's luck to the victor to whom victory means so much, and here's good will to the rest who have perhaps tried just as hard but have not been quite so fortunate.

NEW OFFICERS CHOSEN TO MEET

Richmond Local Bricklayers Union held a meeting last evening in the Labor Temple at which time new officers for the coming year were installed.

The new heads of the organization as chosen last evening were F. J. Mahoney, president; John Houston, vice president; Albert Stromberg, secretary-treasurer; Levi Hunsberger, corresponding secretary and D. Williams, trustee.

The following delegation was named to represent the union at the Building Trades Council: Henry Lynch, John Jones, Dick Williams and Arthur Howard.

KANDY KIDS WILL DANCE THIS EVE

This evening the Kandy kids will hold another of their social dances at East Shore park, the music for the dance to be supplied by Pinto's orchestra.

The dances given in the past by the members of this club have always been well attended so that the committee in charge of the affair this evening expect to have a big crowd.

The committee which will have charge of the floor this evening are as follows: P. Slattery, A. Imbach, E. Smith and J. Barry.

CARE FOR CHILDREN OF ALLEGED FORGERS

Mary Priscilla Kimmis and John Kimmis, whose parents are held in San Francisco and Oakland for passing fictitious checks, will be cared for by the Oakland probation authorities and placed in good homes, according to announcements made yesterday. Bruce Kimmis, the father, is in the Oakland county jail accused of passing fictitious checks in Hayward and Richmond, and Etta Kimmis, the mother is in jail in San Francisco on a similar charge.

The children, who are under 15 years of age, were declared dependant in Los Angeles and placed in the Los Angeles Detention Home. They later escaped and joined their parents.

PYTHIAN SISTERS TO HOLD A WHIST PARTY

The members of Richmond Temple Pythian Sisters have completed arrangements for the holding of a whist party in Pythian Temple on Monday evening.

The committee selected to handle the evening's affair are as follows: Mesdames Ripley, Adams and Hays.

MAIL ORDERS—Either book by parcel post, include EXTRA 7 cents within 100 miles;
10 cents up to 300 miles; for greater distances ask postmaster amount to include for 1 lb.

MAKE STUDY OF WATERWAYS IS WOMEN'S ADVICE

FEDERATED WOMEN'S CLUB LEADER SUGGESTS NEW COURSE FOR HYATT

"Study the state's waterway prob-
lems in our schools" is the text of
an extended letter written to State
Superintendent of Public Instruction
Hyatt by Mrs. E. G. Greene,
state chairman of the waterways
committee of the California Federa-
tion of Women's Clubs, one of the
strongest working organizations in
the state of California.

Mrs. Greene argues that to create
public sentiment in the schools on
water problems will do much in fu-
ture years in providing California
with an inland water system surpass-
ed by none. Wideawake classes in
civil government are already study-
ing waterway problems in some of
the districts, but Mrs. Greene urges
the rule be made general and not
exceptional.

"I believe that a high school book
covering the water problems of the
state would be timely. The federa-
tion wants to aid in the dissemina-
tion of literature either in or out of
school concerning California water-
ways," she writes.

The women are aiding and co-
operating with the Inland Waterways
association in the attempt to bring
about an appropriation for the
deepening, widening and canalizing,
if necessary, of certain portions of
the Sacramento and San Joaquin
rivers, making them navigable by
deep sea vessels and increasing the
commercial advantages of the state.

Hyatt looks with favor upon the
suggestion.

PROGRESS AGAINST WHITE PLAGUE IS BEING MADE

"The Great White Plague"—con-
sumption—is not a disease of the
modern age—instead it has been
known for "ages immemorial as the
bane of the human race," says Dr.
Fraser in his story No. 11 today.
The doctor quotes statistics to show
that there were 175,000 deaths a
year in the United States from this
disease alone and that in the world
three deaths occur every three min-
utes from the "White Plague." That
progress is being made in eradicat-
ing this scourge of the human race
is the promise held out to readers
today in Dr. Fraser's published an-
nouncement.

YOU will appreciate our ef-
forts to please you. Ours is a model
dental office, conducted along busi-
ness lines.

CHAT AND DOPE BASEBALL

BASEBALL SURPRISE TO BE UNCORKED AT BIG GAME TOMORROW

Tomorrow afternoon the manage-
ment of the Richmond Baseball
team intends to uncork a surprise.
"Now, Geraldine," let me think
what can it be?"

"Take three guesses Oswald."
"A silver cup presented to 'Cutey'
Cunningham?"

"No, that would be too expen-
sive."

"A bunch of silver, bronze or cop-
per medals for Charlie Burns?"

"No, no. Perish the thought."

"Well, for a final shot it must be
something pertaining to the team."

"And so it is, but nothing will
be mentioned of the surprise until
the hoarse bark of the umpire an-
nounces that the game is on."

Then will the surprise be sprung.
Gee, some suspense, waiting until
2:30 o'clock tomorrow afternoon to
find out what the surprise is. Whad-
dy-mean, the management is going
to use the hardware on some of the
players?

Nothing to it.

But in the meanwhile Louie Low-
enberg and his nine German base-
ball enthusiasts are making final
preparations for the contest.

That all due respect may be shown
to the visitors the band which is to
meet them is to be composed of
Germans who will wear tin hel-mets
such as hiszoner the Kaiser, usually
does when posing for the Pathe
people.

At the game the only piece of
music which will be tolerated and
not laughed at will be the "Watch
on the Rhine" which must be given
due preference to all other airs in
honor of the visitors. What else
the management of the Richmond
team intends to do in honor of the
visitors we are unable to say but
will probably be better informed as
the ninth inning draws itself near-
er.

STORY No. 11 Second Series

I am going to talk to you today about the "Great White Pla-
gue."

Tuberculosis, or as it is more generally called, consumption,
has been from time immemorial the bane of the human race.

There is no subject now before the medical or social world that
is receiving more attention from physicians, scientists and sociolo-
gists than the prevention and cure of Tuberculosis.

When we consider that in the United States alone there are
over 175,000 deaths annually, and in the world three deaths oc-
cur every minute it behooves each and every one not only from
a medical but from a sociological basis to search carefully for a
preventative and cure for this scourge. New methods of treat-
ment which have been adopted during the last few years, have
given results in the cure of tubercular cases that have heretofore
been considered hopeless, and it is reasonable to expect that mod-
ern methods of cure combined with improved sanitation and the
education of the public in proper preventative measures will in
due time result in the complete eradication of this scourge from
the face of the earth. Medical knowledge is today advancing
along all lines, and as a result the average length of human life
is longer than it was fifty years ago. Meantime I am doing the
best I can to assist in this good work and I am treating all kinds
of people for all kinds of ills, and making new friends every day.
If you have any medical or surgical ailment give me a call and we
will look into your case and see what course is best to pursue
to effect a cure. Fee \$1.00 to \$1.50 cash, medicines included
in all cases. Hours 9 A. M. to 6 P. M. 7 to 8 evenings.

"I Am Well"
writes Mrs. L. R. Barker, of Bud, Ky., "and can do all my housework. For years I suffered with such pains, I could scarcely stand on my feet. After three different doctors had failed to help me, I gave Cardui a trial. Now, I feel like a new woman."

Take CARDUI

The Woman's Tonic
A woman's health depends so much upon her delicate organs, that the least trouble there affects her whole system. It is the little things that count, in a woman's life and health. If you suffer from any of the aches and pains, due to womanly weakness, take Cardui at once, and avoid more serious troubles. We urge you to try it. Begin today.

STREET WORK RENEWED BY COMPANY

(Continued from Page One)

the street car company, if it was not done by the company by August 1st, is the cause of the starting of the work again, after the workmen had been withdrawn from Richmond to Berkeley where a similar legal action was taken.

Danger of accidents from the present condition of the street is also said to have induced the street railway officials to hasten the reconstruction work.

PROTECTION ON GAME URGED BY PINCHOT

Gifford Pinchot, former head of the United States forestry department, has expressed his interest in the preservation of game and fish in this state, in a letter which he has recently written to Dr. Charles F. Holder, president of the Wild Life Protective League of Pasadena. Referring to the Flint-Carey non-sale and other game laws which will be placed upon the ballot this fall, Pinchot expressed the hope that the voters of the state, men and women alike, will vote "no" on any proposition which involves injury to game. Following is the letter:

"I understand under the initiative and referendum an attempt is to be made in November to revoke the important Flint-Carey non-sale and other game laws, which guard the game animals of California from extinction. You know my interest in the preservation of game and fish in California. I sincerely hope that the voters of the state, men and women alike, will vote "no" on any proposition which involves injury to game."

THOS. J. BARBOUR BUYS PLANT IN MELROSE FOR HIS BAYRITE FACTORY

Thomas J. Barbour, of bayrite fame, who negotiated with the board of trustees of the Town of Martinez for a site for a factory, has purchased from the F. M. ("Borax") Smith trustees the property of the Leona Chemical works in Melrose, and the plant will be utilized as the bayrite factory. Barbour has been investigating conditions in various places for the past few weeks and the plant of the Leona Chemical Works, which has been closed for some time, was decided upon as the seat of future operations.

Lots 32 33, block 119, Amended map of the city of Richmond, \$10.

JAMES C. MADSEN IS SOUGHT BY OFFICERS FOR ABANDONING CHILD

The following circular has been mailed to all of the peace officers of the bay cities in an effort to apprehend James C. Madsen of Concord, who is sought for child abandonment:

"Wanted for failure to provide for minor child, James C. Madsen, aged about 25 or 30 years, weight about 150 pounds, 5 feet and 3 inches in height, light brown curly hair, blue eyes. Usually found at 931 Kearney street or 514 Pacific street, San Francisco, has worked for C. Blumes Amusement company, 2002 Eighth avenue, Oakland. Frequent dance halls."

IF KIDNEYS AND BLADDER BOTHER
Take a glass of Salts to flush out your kidneys and neutralize irritating acids.
Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.
Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacy and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.
Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.
Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.
—adv.

OPENING AND EXTENDING OF EIGHTH STREET

NOTICE OF RECEIPT OF ASSESSMENT ROLL IN THE MATTER OF OPENING AND EXTENDING EIGHTH STREET SOUTHERLY FROM ITS PRESENT TERMINATION AT THE NORTHERLY LINE OF THE RIGHT-OF-WAY OF THE OAKLAND AND EAST SIDE RAILWAY COMPANY TO THE NORTHERLY LINE OF OHIO STREET, ALL WITHIN THE BOUNDARIES OF THE CITY OF RICHMOND, COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA, IN ACCORDANCE WITH RESOLUTION OF INTENTION NO. 192 OF THE COUNCIL OF THE SAID CITY OF RICHMOND, ADOPTED THE 28th DAY OF MAY, 1914.

Notice is hereby given that the assessment roll in the matter of opening and extending Eighth street southerly from its present termination at the northerly line of the right-of-way of the Oakland and East Side Railway Company to the northerly line of Ohio street, in the City of Richmond, to wit:

A certified copy of the report, assessment and plat made and filed by the Commissioners appointed to assess the benefits and damages and to have general supervision of the proposed work as above described as finally confirmed and adopted by the Council of the City of Richmond at its regular session of May 28, 1914, has been forwarded to and filed in the office of the undersigned, Superintendent of Streets of the City of Richmond.

All sums levied and assessed in and by said assessment roll are due and payable immediately. The payment of said sums is to be made to me within thirty (30) days from the date of the first publication of this notice.

All assessments not paid before the expiration of the said thirty (30) days will be declared to be delinquent and thereafter the sum of five (5) per cent upon the amount of each delinquent assessment, together with the cost of advertising each delinquent assessment will be added thereto.

Dated at the office of the Superintendent of Streets, this 15th day of July, 1914.

H. D. CHAPMAN, Superintendent of Streets of the City of Richmond.

First publication July 16, 1914. Last publication July 27, 1914.

CONTRA COSTA COUNTY NEWS

CROCKETT

(From the Signal)

They are busy, exceedingly so, these days at the grain warehouses along the waterfront. "They" means practically everyone—from superintendents, office forces, warehousemen, etc., down to the I. W. W. who have to step lively to keep work from catching them.

Grain is rolling into Port Costa by the train loads, from 100 to 200 cars a day or from 5,000 to 10,000 sacks daily. The warehouses are taxed to handle the receipts, even though steamers and "wind jammers" are vainly trying to relieve the congestion by carting away huge cargoes of the cereal crop to distant lands. The bumper crops of this year are responsible for the activity. It has been years since such busy times were experienced, say the old timers. There is work for those who want work, but unless a man has had experience at this kind of labor he doesn't last long.

It will be interesting to our readers to know that another "vision" is slowly, but surely, materializing in the form of a splendid new gymnasium to be built on the property adjoining the present club house. A number of conferences have been held, between representatives of the sugar company and the secretaries of the Industrial committee of the Y. M. C. A., to the end that the various interested parties have reached a conclusion as to what the new improvements should consist of. The architects have been busy for some weeks now, and the blueprints and a color sketch showing the proposed improvements will soon be on exhibition in Crockett. The plans contemplate a building 80 feet wide by 137 feet in length, and the reconstruction of the present Club House to form a part of the new structure. The roof of the present building will be taken off and a second story added, which will provide space for about thirty bedrooms. The new building when completed will have a large gymnasium, a hand-ball court, a spacious room for small boys, a rest room for ladies, a kitchen, examination rooms for our embryo athletes, a large locker room where every member can have his own locker, adequate shower baths, and last—but not least—a splendid concrete swimming pool, 30 feet wide and 60 feet long by 6 feet deep.

MARTINEZ

(From the Gazette and Standard)

One of the petitions was that of W. R. Sharkey, manager and editor of the Daily Standard, as a candidate for assemblyman from the Eleventh district on the Republican ticket. The Progressive Club of Richmond will file one, making him a candidate under that designation. During the month of June there were seven thousand, two hundred and eighty-three passengers carried across Carquinez Straits by the Martinez-Benicia ferry; there were one thousand, six hundred and fifty automobiles, one hundred and forty-eight motorcycles, sixty-seven two-horse rigs and eighty-six one-horse rigs. All this in one month! On this basis it is safe to estimate at least Fifty Thousand People During the Past Twelve Months! And all of this immense traffic was diverted into other channels until the initiative and foresight of people who have made Contra Costa what it is was fruitful in its efforts! Truly a most gratifying accomplishment and a notable achievement.

That the Shell-Rothschild refinery is to be constructed at Martinez is officially announced. That it will be of a capacity sufficient to convert the vast supplies of the crude oil that flows in an never ending quantity, from the fields of the Southern San Joaquin, into the varied manufactured products is confirmed. It is not the rumor of Main street, Martinez nor the gossip of some one remotely connected with the extensive operations of the big syndicate, but the official statement of no less an authority than Sir Marcus Samuel, made at the recent annual meeting of the holding corporation known as the Shell Transport and Trading company, held in the offices in Downing street, London. His report as it effects the activities of the Shell-Rothschild and Dutch syndicate in California, and particularly upon the projected extension of the refinery interests at Martinez, is related in the account

of the meeting as published in the London Petroleum Review as follows: "Our deal with the California Oilfields, Ltd., has been carried through," said Sir Marcus Samuel. "We have added materially to the lands which we acquired. In accordance with the policy that I fore-shadowed contracts for the construction of a pipe line to seaboard have been entered into. An option on land has been acquired for the construction of a refinery, for which plans are prepared and work will be actively proceeded with."

County Clerk, Jasper H. Wells, Auditor, E. N. Sullenger, Recorder, M. H. Hurley, Assessor, George O. Meese, Treasurer, J. Rio Baker, Public Administrator, C. E. Daly, Superintendent of Schools, William H. Hanlon. With the closing of the time for the filing of nomination petitions last night the above from the fact of no candidates entering against them, to all intends and purposes are re-elected to the office they hold in the county departments.

From San Diego, Pasadena, Los Angeles and Redlands have come fourteen more entries to the Alhambra Gun Club tournament trap shoot to be held in this city on July 26, 27, 28, and 29, bringing the total number of entrants listing to date up to 117. With the exception of the event held at Sacramento two years ago, when a few over one hundred and forty took their place before the traps, the Martinez tournament will be the biggest that has ever taken place in trap shooting on the Pacific Coast.

Rev. D. W. Calfee was a visitor in Martinez today. He was pastor of the Brentwood church when Little Dick Veale was made to go to Sunday school there and otherwise deport himself as a law abiding youth on Sundays. The Richmond divine refuses to be a party to the spread of scandal in telling all he knows about his former youthful sheep. As he is handing out some of the sheriff's cards it is evident, however, that a great reform has been effected in the evolution of the "Dickie" Veale of Brentwood years into the man who sports the sheriff's badge of Contra Costa county today.

PITTSBURG

(From the Post)

The Grammar School Board met Wednesday evening to receive bids for the construction of the new school building. Three contracting firms had submitted proposals as follows: Teichert & Ambrose, Sacramento, \$74,900; Henry C. Warwick, San Francisco, 74,997; L. D. Bergren & Son, San Francisco, \$67,480. These figures were exclusive of the cost of the heating and ventilating system, which in each case amounted to an additional sum of between eight and thirteen thousand dollars.

President Sam Naphthal of the Oakland, Antioch & Eastern Railway was here last Saturday and in an interview stated that his company contemplated big improvements at this point in the near future. It is understood that a number of spur tracks will be put in from the main line to the water front industries, placing the electric road at the command of the shipping interests of the city.

BYRON

(From the Times)

The fourth great booster and development edition of the Byron Times will be issued this week. It will consist of 156 pages, in magazine form. The total issue is 6000. In the covers the artist, and the printer have vied with each other in the production of a work of art. There are nearly 200 illustrations, which tell a wonderful story of the fertile lands of Contra Costa and San Joaquin counties and the prosperity of their cities and towns.

A society editor has arrived for the Pittsburg Post. Her name is Mary Elizabeth Tracy and she started to work July 1st. The incident shows progress on the part of the Post, and we hasten to offer congratulations. Editor Joe Tracy is so happy that anybody can borrow money from him. Mrs. Tracy was formerly Miss Georgiana Steek, a teacher in the Byron public school. Her many friends here will be pleased to know that both mother and babe are doing fine.

ANTIOCH

(From the Ledger)

During his residence in Antioch J. Rio Baker was in close touch with the people and as a result all learned to respect him as a business man and honor him as a friend. He came here in 1871 and soon afterward became a telegraph operator, following which he entered the drug and stationary business and for many years afterward conducted what is now the Antioch Hardware & Furniture Company under the name of J. R. Blake & Company. He was appointed postmaster in 1878 and continued to serve the people through the terms of Presidents Hayes, Garfield and Arthur. Following the death of County Treasurer Louis Buttner last year, Mr. Baker was selected by the Supervisors to fill the vacancy and never was a more popular selection made. It was a difficult position to fill, as Mr. Buttner had been honored by all for his ability as well as his personality, but Mr. Baker has demonstrated that he can and does discharge the duties of that office with entire satisfaction to the people. Furthermore, while widely known when he entered the office, by his genial manner and close attention to business he has endeared himself to the people.

Numerous specimens of fruit, vegetables and grain are placed on exhibition in the Ledger show window at various times and all attract attention. This pays the grower, who is desirous that people be made acquainted with what he produces as well as advertising to the general public that practically anything can be raised in this section.

CONCORD

(From the Transcript)

It is indeed encouraging to be able to chronicle the news that prospects of having located in Concord the vitreous china factory told about in these columns several weeks ago, now seem bright. The company known as the California Sanitary Manufacturing Company has been offered by the R. N. Burgess Company lots 31 and 32 in the Parkside Addition near the O. and A. depot upon which to erect the plant. These lots comprise about two and one half acres. The company has a capitalization of \$200,000, \$100,000 8 per cent preferred stock and \$100,000 common stock, the par of each being \$5 per share. The company has arranged for the purchase from Geo. Bleistein of his formula for manufacture of goods for \$40,000 worth of common stock. It proposes that the people of Concord subscribe \$20,000 worth of its preferred stock at par on condition that the factory locate in Concord.

D. H. McQuiddy has been awarded the contract to build the hall for the local lodge of Druids. Instead of a one-story building as was at first intended, the order is now planning a two-story structure. The work on the building will commence very shortly.

There is no show window in town containing a prettier adornment than that of Ward & Holladay. A Mission grape vine, growing on the outside of the building has sent some of its branches up through the floor and they have been trained around the window. Last year one of these branches made a growth of 42 feet. The vine remains green until Christmas.

WALNUT CREEK

(From the Courier)

The fixtures and lock boxes for the postoffice have arrived. Postmaster H. A. Rudd states that he will occupy the handsome new quarters in the First National Bank building on Monday. This is good news to the patrons of the Walnut Creek postoffice. At last we will have a modern postoffice with up-to-date facilities. The office of R. N. Burgess Co. has been moved to the back in order to make room for the postoffice. Watch Walnut Creek grow. A new postoffice now, incorporation soon. Get on the bandwagon and boost.

Walnut Creek is rapidly coming to the front as a center for fruit drying. E. B. Anderson of Walnut Creek is bringing in 150 to 200 tons of fruit from Sacramento river points and this will be dried and packed in addition to the local output. This will give considerably work to girls in this vicinity, and in accordance with the general policy of Mr. Anderson, local people will be employed exclusively.

ALL SHOULD AID IN MAKING EXHIBIT OF COUNTY PRODUCTS. When a bona fide opportunity is offered the people of this county to secure something for nothing, as is

JAMES LANE TO CLAIM BRIDE IN SANTA ROSA

James Lane of this city and Miss Clara Williams, formerly a Richmond resident, will be united in marriage tomorrow afternoon in Santa Rosa at the bride's parents. Miss Williams is well known here as she is a sister of Mrs. Otto A. Poulsen. Mr. Lane is one of Richmond's business men. He is engaged in the insurance and brokerage line. After a short honeymoon Mr. Lane will bring his bride to Richmond where they will make their home.

Mr. and Mrs. Poulsen will leave today for Santa Rosa to attend the marriage ceremony.

WANTED—Large, clean, cotton rags at the Record-Herald office.

being done at present by F. J. Hulaniski, editor of the Richmond Record Herald they should take advantage of it immediately. Briefly it is this: Mr. Hulaniski has arranged to maintain an exhibit of Contra Costa's products in the Lick building, San Francisco, for the purpose of interesting the thousands of visitors to that city in this county. He does not ask for a cent of money, but all those who have fruit, grain, vegetables, or in fact anything produced here that might attract investors, he would be pleased to receive the exhibit.

Remember this will not cost you a penny, but at the same time your commodity will be given publicity, which will be of personal benefit to you and the county also secure advertising. Is not that worth while? The reason Contra Costa has never advanced is because the people are slow to take advantage of the wonderful opportunities, which are right at their door. Less favored sections are being talked of by all, when it was merely because of the boosting spirit of the people they have forged ahead.

Get in touch with Mr. Hulaniski and he will be pleased to give you all the information necessary regarding what he desires and how the exhibit can best be handled. He can be communicated with at Richmond.—Antioch Ledger.

We do our work painlessly and quickly. You can prove this for yourself by making us a visit. RICHMOND DENTISTS 4th & Macdonald Ave.

NOTICE OF COAL DEALERS

The COAL DEALERS Protective Association of Richmond, hereby gives notice to its patrons, that, on and after August 1st, 1914, all those having charge accounts are expected to settle same on the first following pay day. All accounts of more than thirty days standing will be considered delinquent, and no further credit will be extended until said delinquent accounts are settled in full.

This action is taken by the Association for protection against unscrupulous persons who try to avoid paying their bills, but casts no reflection upon the majority of its patrons.

The price of coal in Richmond, will at all times, be as low as same is sold for in other Bay cities. (Signed) RICHMOND COAL DEALERS, PROTECTIVE ASSOCIATION. Johnston & Braine, P. F. Johnson & Son, Adams & Pynchon, J. J. Davis, Pillow Bros., C. J. Lambrecht, Richmond Supply Company, L. Hampton, T. P. Labourdette.

THINGS HAPPENING EVERY DAY IN AND AROUND RICHMOND

NEW TRACT AND FACTORIES.

It is very trying upon a newspaper man's patience to get on to a good story and then not be allowed to print it, but it frequently occurs. The reasons are of a business nature and are quite valid, and so have to be respected. No reputable newspaper man will give away secrets of that nature, though some do it. The latest is the fact that a new and important subdivision is about to be put upon the market here at Richmond, by San Francisco parties. The tract consists of about seventy acres and it is understood that the price being paid for the land is close to \$100,000. The papers closing the deal are all made out and are to be signed up Monday. Also, in this connection, two, and possibly three factories are to be located upon the tract at once, arrangements to that effect having all been made. Two of the factories are not large, employing about fifty men each to start with, but both are new industries for Richmond. The other one is a large concern, which will employ 200 men at the start, increase to 400 within a year and ultimately reach a payroll for 800 employees. At least two of these three manufacturing concerns are to sign the agreements Monday which will assure for Richmond their buildings and plants, and it is a part of the agreement that they proceed to build at once. All this is very good news, which we are pleased to narrate, but have promised all the parties to the deals to withhold details for a week yet. This is deemed necessary, as other towns and other men frequently butt into such matters and sometimes do much damage. In this particular instance plenty of capital is behind the land deal and also behind the manufacturing enterprises.

EXHIBIT GROWING RAPIDLY.

The Richmond-Contra Costa Exhibit in the Lick Building, San Francisco, is growing rapidly, both in the number of exhibits and in daily attendance. Several hundred a day now visit the hall and are shown everything manufactured and grown in this county. There are now fully three hundred beautiful framed pictures hanging on the walls, showing almost every town and section in Contra Costa county, and by their aid one can stand in the center of the hall and take a very pleasing trip all over the county. These pictures cost nearly a thousand dollars. There are industrial exhibits from many of the manufacturing enterprises and more arriving every few days, and fruits and vegetable products of the county are shown to the value of about two thousand dollars. There will soon be \$10,000 worth of exhibits there, and it is well worth seeing. Thousands of strangers to California have visited the exhibit, and all show a very lively interest in Richmond and the other sections of the county.

E. J. PALMER CHANGES.

Mr. E. J. Palmer, with the Ellis Landing and Dock company since its organization, has sold out his interest in that company and gone back to his first love—the Richmond East Shore Realty company, with offices in the Phelan building, San Francisco. Associated with Mr. Palmer is Mr. D. Corcoran, and these two have bought out Mr. Shannon's interest in the firm. They handle the El Cerito tract, the Nyström Estate interests and a lot of subdivision lands in the southern part of Richmond and are live wires, both of them. At present they are laying no end of fine cement sidewalks, putting in sewage and improvements of many kinds, and today you can walk to the top of El Cerito hill on fine cement walks. Somebody ought to build a fine residence right on the top of that hill—it would be a magnificent and wonderful view, unsurpassed in all the west.

TRY, TRY AGAIN.

It is a source of considerable disappointment to a large majority of Richmond citizens that the water bonds failed to carry last Wednesday, as a very large majority voted for the project. A fine showing was made, although the two-thirds majority necessary under the law was not obtained by the meagre margin of 74 votes. It seems not just right that a small minority could thus block the will of the majority, but somebody put such a fool law on the California statute books, which are cumbered with hundreds of just such freak legislation, and so it has to be stood for until repealed. Another amendment to that law should be that no person should

be allowed to vote on a bonding proposition who is not a taxpayer. Nobody has any right whatever to vote money out of other people's pockets, or to say that other people shall not spend their own money in any way they please, as long as no harm is done the general public. The issue will come up again, probably in September, and next time it will carry, for the need is urgent and imperative.

AMONG THE BOOSTERS.

Harry Hammond's big boost edition of the Byron Times showed up today and it is certainly a humdinger, and a great credit to Mr. Hammond and to Contra Costa county. Richmond is given a good space, handsomely illustrated, and the whole county is covered. It is a magnificent edition and everybody should secure a few copies and send them broadcast over the country, for it will do a lot of good.

John Nicholl and this writer would like to go back down to Little old New York again this summer, as we did last summer, and take in the white lights and other nice things along Broadway, and eat soft-shell crabs and go out to Coney Island and see the pretty ladies with bathing suits on the size of postage stamps, but John has not time to spare, and we have neither time nor the price, so we are both going to stay home and boost for Richmond.

Auty Duggan showed up again this week at the East Richmond Heights offices, and now Major McLaughlin wants to go away on a honeymoon, or something, but reality transfers are so brisk he can't get away. Auty is going to build a fine residence in the Heights right away, and settle down and do as married people do, and if the Major don't we shall tell people right out in meetin' how he proposed to Miss Helen Blazes, or Helen something, we forget now, who went east on the boost train as far as Chicago, and how he was cut out by General Veale.

Claude Gignoux, of the Richmond Development company, got a great big live Gilla Monster, a foot and a half long this week from Arizona, and brought the tarnation "sarpent" down stairs in the Lick building and donated it to the Richmond-Contra Costa Exhibit. It looks like a lot of things we used to see before Kansas went prohibition, and it eats up all the eggs we raise on our 241 ranch. We tell visitors that it was caught in the wilds of Barbary Coast.

We know of one prominent Richmond booster who was offered two million dollars in real money to put through his pet plans in building up something awful big for Richmond, if he would let the parties who raise the coin in on the project, and Lord bless our soul, if he ain't hesitating about accepting it, we wish we may never go to heaven! We would hate to tell half we would do for two million dollars.

Chandler, Bourn & Miller report a lively transfer of lots this week in the Harbor and Keystone Business blocks, in the Stege waterfront district, and that a lot of fine improvements are on the tapis. They are sending out a large amount of literature telling of the history of Richmond, which is not only helping their business but also helping Richmond.

Ellis Landing and Dock company sold a big bunch of lots to a rich woman in San Francisco this week. We heard her name but it has slipped our memory now, but anyway she is going to improve the property purchased and make harbor front business property of it. The big dredger is still steaming away out in their channel.

Ben Schapiro and H. A. Johnston report business on the increase on the new tract they are putting on to the southeast, abutting on San Pablo avenue and extending into the east hills. It is a fine location and will soon be all sold out.

When Julius Stiefvater comes out to our bungalow with groceries now days we don't know whether it is him coming or Clark's undertaking wagon. He has a new auto truck that looks like a cross between the Red Cross society and Bert Curry. It cost a lot of money and goes like a meteor out on business.

AFTERNOON CLUB HAS GOOD SESSION

The Friday Afternoon Club met yesterday at the home of E. M. Ferguson on Eighth street. The club meeting was attended by twelve members and a number of substitutes who were representing other members by proxy who were away on their vacations.

Mrs. H. G. Biggs won the first prize of the afternoon; Mrs. F. E. Adams as second, and Mrs. Jahnke, consolation. Mrs. Preble, Mrs. Balenger and Miss Harrie, a visitor from Mexico, played as substitutes. Those present at the meeting of the club were as follows: Mesdames Howell, Harlow, Biggs, Coleman, Adams, Martin Jahnke, Moore, Parks, Ferguson, Balenger, Preble and Miss Harris.

ODD FELLOWS HOLD BIG INSTALLATION

The members of Contra Costa Encampment I. O. O. F. at their meeting held in Fraternal hall last evening held their annual installation of officers.

The work of installing the new heads of the order was put on by District Deputy Grand Patriarch R. G. Erskine. The new officers installed were: Robert Dornan, chief patriarch; Frank Rhoads, high priest; Athan Riskas, senior warden; R. G. Erskine, scribe; E. M. Betts, treasurer; Charles Matson, first watch; Charles Smith, second watch; William J. Champion, third watch; Frank Smith, fourth watch; Chas. Johnson, inside sentinel; Richard Todd, outside sentinel; W. B. Tiller, first guard of tent and M. Milovich, second guard of tent.

NEW COUNTY PAPER

A new Contra Costa newspaper shows up on the exchange table this week, in the shape of the Brentwood News, but it don't say who the editor is. It looks and reads well and has a fairly good advertising patronage. We sure wish it all kinds of success. Brentwood is a coming country. Keep your eye on it.

Our prices are moderate but no better dental work can be had at any price.

RICHMOND DENTISTS 4th & Macdonald Ave.

"Let Mayer Do It" if you want your old suit made like new. Ring up Phone 452 Cleaning, Dyeing, Repairing or Pressing. Work called for and delivered. Mayer's American Cleaning Works, 1116 Macdonald ave. —Adv't.

Work on the municipal tunnel, outer and inner harbors, wharf, etc., goes merrily on and in course of a few more months a fine showing will be made on this great project that means so much for Richmond's future.

Herbert Brown is shipping out no end of porcelain ware lately, all over the west, and it is as fine work as is done anywhere in the world. Samples of it can be seen in the Richmond exhibit over in San Francisco.

The city hall matter is in statute quo and tied up in the courts, where it will likely stay for some time. In the meantime George Wall goes right on building city halls just like nothing happened. George has one of these happy dispositions that is as impervious to pessimism as a bad little boy is to spankings.

The amount of street work that is going on in the Burg Bros. Nicholl-Macdonald tract adjoining 23rd street and Macdonald avenue, is a sight to behold. Dozens and scores of teams, engines, steam rollers and men have been steadily at work there for a year past, and the amount accomplished is wonderful to contemplate. It must have cost a mint of money. Another two-story business block is to be started there soon, and one is now almost completed.

Realty transfers are on the increase every week; building operations continue brisk; money is easier and business generally better than a few months ago. The tendency is upward and onward and this fall is going to be a hummer in a business way, or all signs will fall, which they won't.

120,000 CARS OF FREIGHT IN YEAR STATE RECORD

California, from a railroad standpoint, is 1000 miles long and 250 miles wide, and so diversified are its products that three-fourths of its railroad stations originate Eastern business. More true than ever is this in 1914, when, with bumper crops and the development of the backward portions of the state, shipments of all sorts of the state's products, fruit, vegetables, wine, wool and fish, bid fair to set marks never before reached.

Last year's figures were about 120,000 cars, and the entire 120,000 are visible signs of the productivity of California soils, as practically all of them come directly from the soil. Already, with the year a little more than half gone, in deciduous fruits and vegetables an increase of more than 4,000 cars has been set, and the citrus shipments for the year ending June 30 were 40,000 cars, a gain of fully 5000 over those of 1913.

Practically the entire 120,000 cars consist of the products of the soil. Most of those products are barely removed from the raw state. Not one in the whole list can be considered as a manufactured product, and those which might be called semi-manufactured are processed in a comparatively crude manner. In this latter class would come lumber, dried and canned fruits and wine.

Nor is this the only reason California is the railroad's paradise. The state buys, even as it sells. Automobiles, farming implements, furniture, structural steel, and a host of other manufactured products make return freight for the rail-

LOCAL MENTION

Pertinent remarks about well-known People in Richmond Happenings about Town.

Nimrods Home.

Gordon Reid, well known Standard oil gauger, employed at the Point Orient wharf, together with "Billy" Steele, returned last evening from a three weeks' hunting and fishing trip spent along the banks of the Russian and American rivers.

Home From Mountains.

E. C. Moore, well known conductor, returned home yesterday from a three weeks' trip spent on the Russian river.

Off For Surf City.

Richard Christianson left yesterday for a week end trip to Santa Cruz.

Is Recovering.

Mrs. S. M. Beach a prominent church woman of this city, who was taken ill several days ago, is reported to be recovering very slowly.

To Pasadena.

Mrs. H. Reid and son, Frank, will leave for Pasadena tomorrow.

Will Go North.

The Misses Hazel and Mabel Haral, who have been stopping with friends in this city will leave tomorrow for a trip throughout the northern part of the state.

Goes East.

Jack Kynoch, son of Frank Kynoch, Southern Pacific, cashier of this city, left yesterday for a trip back to his old home in Omaha.

roads. Not as profitable as hauling a car of deciduous fruit east at \$600 per car, but still making an appreciable difference in the roads' revenue.

Going Southward.

Edward Hawkins left this afternoon on the Steamer Yale for Los Angeles, where he intends to take up the study of medicine.

Returns from North.

Mrs. Scott Melville, 428 Washington avenue, returned home yesterday from a trip to Seattle.

Here From South.

J. H. Hopkins, formerly of Richmond, but at the present time residing in Winslow, Arizona, where he is employed, was a visitor in Richmond yesterday.

Here From City.

Miss Pearl Michaels of San Francisco is spending several days here as the guest of her father, Max Michaels.

Mr. and Mrs. Edward Sorenson and daughter of Modesto are visiting at the home of Mr. and Mrs. A. Stiefvater.

Miss Anna McGowan, who has been spending several days at the home of Mrs. M. Coates, returned to Oakland today.

A fire alarm called out company No. 2 last night shortly before 11 o'clock to extinguish a rubbish fire on a vacant lot opposite the Germania hotel on Second street.

M. P. Douglas, a well known business man of Oakdale, made a short visit to Richmond yesterday.

Ray Treataway and daughter, Geraldine La Verne, of Stockton, are visiting friends in Richmond.

The hunters' shack on the beach near Krieger station was ransacked last Monday night and decoys, stoves, hunting paraphernalia and cooking utensils were stolen and scattered about on the beach. The shack and contents are the property of a hunting club whose members reside on the San Pablo Creek.

OIL LANDS BILL NEAR PASSAGE

WASHINGTON, July 25. — An agreement was reached by the House Public Lands committee, the Interior Department and the Navy Department today on a bill to provide for the temporary development of oil and gas on lands, particularly in California, in dispute between the Government and private claimants.

The proposed law would allow the present occupants of the lands, whose title is contested by the government, to develop and protect the oil resources under agreement with the Secretary of the Interior, which would impound or divide the proceeds of such development pending the settlement of disputes over title.

An amendment agreed on today would provide that the money accruing to the United States under such agreements dealing with land in naval petroleum reserves should be set aside in a separate fund for the use of the Navy, under the control of Congress.

An effort to pass the bill by unanimous consent failed last Monday because Representative Mann objected to allowing the Secretary of the Navy sole control over the naval fund thus created.

By placing the fund under Congressional control the committee expects to get the measure through before the present session closes.

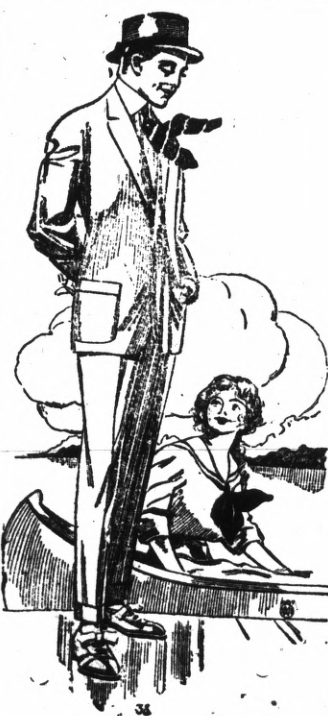

The young Hindu boy brought to America by Mrs. T. T. Cramer, is still detained at Angel island. Mrs. Cramer and her son went to the immigration detention island yesterday to pay the boy a visit and furnish him with an outfit of American clothes. Mrs. Cramer is the wife of a missionary who has been located in Calcutta for the last twenty years.

Midsummer Sale

Mens' and Boys' Clothing

It's our custom at this time of the summer season each year to, as near as possible, dispose of all summer suits for men and boys. It is particularly imperative that we do this quickly, now for we bought very heavy for the coming season and had our Fall goods shipped unusually early. Of course these demand room and it is necessary to dispose of the summer suits to obtain the desired space.

The prices quoted here show the substantial savings that can now be made. Most of these suits can be worn up into winter months—indeed, many men wear no heavier weight the year around.

Men's \$15.00 Suits at **\$10.00**

Men's \$20.00 Suits at **\$14.00**

Men's \$25.00 Suits at **\$17.50**

At each price there's a full range of sizes and assortment of materials sufficient to suit any taste. We can't describe them any better than just to tell you they're the same Good Clothes we've been selling you right along at \$25.00, \$20.00 and \$15.00. This is not going to be a long drawn-out sale, but a quick clearance at unusually low prices.

Boys' Suits . \$1.75
 Worth \$3.00. Ages 6 to 16

Boys' Suits . \$3.75
 Worth \$5.00. Ages 6 to 16

Save Money on Boys' Clothing

Coming just before the opening of school, mothers of boys will be delighted with this sale for here is a lot of dependable clothing for the little fellow at prices that mean a large saving on his school outfit.

Choose from many different patterns that are here in the style you'll like best for him. Double Breast or Norfolk models.

Boys' Suits . \$2.75
 Worth \$4.00. Ages 6 to 16

Boys' Suits . \$4.75
 Worth \$6.00. Ages 6 to 16
